

Kohenet Prayers Element Poem

In the beginning,
Water conceived and gave birth to darkness,
Fire conceived and gave birth to light,
Wind conceived and gave birth to wisdom,
Earth conceived and gave birth to life.

In the beginning,
Water conceived and gave birth to darkness,
Fire conceived and gave birth to light,
Wind conceived and gave birth to wisdom,
Earth conceived and gave birth to life.

Call forth a moment of earth:

Wood, stone, soil.

Call forth a moment of water:

Ocean, stream, rain.

Call forth a moment of air:

Wind, song, breath.

Call forth a moment of fire:

candle, sun, lightning.

Ve'Ahavta

You shall love Becoming your God with all your heart, with all your life-force, with all your gifts. These words which I tell you this day you shall take into your heart. You shall teach them to your children, and speak of them when you sit in your house and when you walk on the path, when you lie down and when you rise up. Tie them as a sign upon your hand and let them be ornaments between your eyes. Write them on the doorposts of your house and on your gates.

Spring and autumn rain
corn and wine and oil you shall have
if only you will love
Becoming itself
and sit with it at home
and walk with it on your journeys
and lie down with it in your dreams
and rise up with it in your hopes
you will eat and be satisfied
and if you will close your heart
and turn away
from your nefesh-wisdom
and your communion with the world
and serve gods that are Other than Becoming
the earth will not yield her fruit
and the skies will shut their doors
and you will be lost from the good land
that Becoming gives you
yet if you will love Becoming
with heart, body, and soul
and weave it into the thoughts of your mind
and the works of your hands

and teach it to your children
and tell it in your stories
then four days will be long and whole
as the days of the sky above the earth

The Spirit is Flowing – Mi Khamocha (p 44)

The Spirit is flowing, flowing and growing
The Spirit is flowing, through you and me
The Spirit is flowing, flowing and growing
The Spirit is flowing , through you and me

Shekhinah guide me, be here beside me
Shekhinah guide me, and bless how I be

The Spirit is flowing, flowing and growing
The Spirit is flowing, through you and me
The Spirit is flowing, flowing and growing
The Spirit is flowing, through you and me

Shekhinah reside in me, Your wisdom inside of me
Shekhinah reside in me, oh Holy of Holies

Mi Khamo'a Ba-Eilim Shaddai

Ancestor Chant (p 53)

We are the old people, we are the new people
We are the same people, stronger than before

We are the old people, we are the new people
We are the same people, stronger than before

You bless us Elohei Sarah
You bless us Elohei Rivka
You bless us Elohei Rachel
You bless us Elohei Leah

You bless us Elohei Sarah
You bless us Elohei Rivka
You bless us Elohei Rachel
You bless us Elohei Leah

We are the old people, we are the new people
We are the same people, stronger than before

We are the old people, we are the new people
We are the same people, stronger than before

Spiral Prayer

כי עפר את ואל עפר תשובי
Ki Afar At V'el Afar Tashuvi

Earth we are and earth we will be
We are a spiral coming home

(Taya Shere)

Blessing for Diversity

O flame, mother of the light-spirits, shine on us!
O rain, father of the spirits of dark waters, soak us!

O wind, mother of the spirits of wisdom, make us wise!
O dirt, father of all that breathes, bless us with a good harvest.
Let us have eyes
To see the multiplicity
Of your children.
And
Let us have awareness of the unseen world.
L'olam ulalmei almaya
In every world, in all the worlds,
We say amen.
